Effectiveness	% of personnel receive mandated training within prescribed time frame	N/A	N/A	98%
Effectiveness	% of assault offenses cleared	53%	48%	53%

FY 06-07 Performance Measure Status:
Caution

The original goal for assault clearances was based upon a targeted drop in assault offenses of 10% from the previous year. DPD undertook an intensive review of Uniform Crime Reporting practices in 2007 and this review indicated discrepancies in the way Aggravated Assault offenses had previously been coded. Updated and more accurate procedures were enacted and this change resulted in some Aggravated Assault offenses being coded as Misdemeanor Assaults or Unfounded. This change has helped reduce the number of Aggravated Assault offenses by approximately 22% in the current FY. This accounts for fewer offenses cleared since fewer offenses are being investigated. The comparison of offenses cleared to offenses investigated is within several percentage points of the clearance rate goal.

Service Target FY 2007-08: Meet or exceed annual clearance rate of 56.4% for homicides.

Community Indicator: Reported Crime Rate decreased by 3.6% from previous year.

Major Budget Items: Sworn FTEs are budgeted at authorized strength levels.
Continue the process of civilianization for physical evidence through attrition.
