The City of Dallas is conducting a series of meetings to educate residents and business owners about the remapping of neighborhoods behind the Trinity River levees by FEMA.

The levees have protected the City for decades. But due to new, more stringent guidelines the levees have been decertified. The remapping may affect your property. Please attend one of the meetings to learn and ask questions.

La Ciudad de Dallas conducirá una serie de reuniones para educar a residentes y dueños de negocios acerca de el nuevo trazado de mapas por FEMA de los vecindarios ubicados detrás de los diques de el río Trinity.

Por décadas, los diques han protegido a la ciudad. Debido a nuevas directrices estrictas los diques han sido descertificados. El nuevo trazado de mapas puede afectar su propiedad. Por favor asista a una de las reuniones para aprender más y hacer preguntas.
